

JUNE 2012

HELLO WORLD

Your travel photos make me feel like I've opened a treasure chest!

Terry Morris, SRI Structured Cabling Engineer, recently enjoyed a 'swim' in the Caribbean with his son, Jacob. One of the new projects Terry is working on uses leaky coaxial cable. This sounds like a bad thing because usually coaxial cable is shielded and you don't want it to leak signals. Apparently leaky coaxial cable is often used in tunnels or other places to provide cell phone signals and thus is a good thing.

I can't confirm if Terry was testing the leaky coaxial cable as part of the trip to the Caribbean. I can state that using his SRI Federal Credit Union Visa® card overseas saved him a ton of money on currency exchange rate fees. Trying to keep over 21 different Caribbean currencies straight in your mind can be as difficult as scuba diving without a regulator. Whether you are trying something new like traveling to a foreign country or diving to the depths of the ocean, SRI Federal Credit Union is there for you. Getting a SRI Federal Credit Union Visa® debit or credit card is as easy as a call to Paco or Shirley at 650.859.5477. Tell them Steve sent you. Or connect to us via CONNECT@srifcu.org or SRIFCU.org.

I can confirm that we did not finance the two underwater vehicles that Terry and Jacob are seen here joyriding. For outdoor fun, remember that SRI Federal Credit Union does finance boats, jet skis, RVs, ATVs and motorcycles. We offer great automobile loan rates perfect for summer. Your immediate family members can join the credit union, including spouses, children, grandchildren, grandparents, parents and household members. It is a great way to share the benefits that you enjoy. Think of it like a treasure chest.

Do you have a picture or story to share of your travels? Please send it to me at steve@srifcu.org. I look forward to hearing from you!

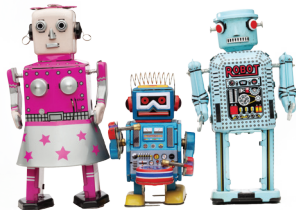

Steve Bowles
CEO/CFO
