

JULY 2012

HELLO WORLD

With a thunderous roar, the Golden Gate Bridge celebrated its 75th anniversary on May 27, 2012. One of our members — Regis Vincent — was there to take this spectacular picture, which he shared with me. Regis's other stunning works of photography can be found online at www.retygallery.com.

Regis received his Ph.D. from the University of Nice and INRIA Sophia-Antipolis, France. His research interest is real-time artificial intelligence and he also is leading the commercial team in the SRI Artificial Intelligence Center. One of his projects has to do with software for robots on the move, which has built-in GPS mapping capability. If you have a robot that is in the habit of getting lost, this is the guy you want to talk with!

He also serves on the Supervisory Committee of the credit union, which tests our internal controls so that the credit union stays financially sound. When traveling overseas, he uses his SRI Federal Credit Union Debit and Credit cards because he knows that the credit union will absorb the standard Visa® 1% currency exchange fee. A smart man indeed.

You, too, can enjoy all the features that our Visa® Debit and Credit cards offer, including ZERO cash advance fees, ZERO annual fees and ZERO balance transfer fees. ATM fees and other point of sale fees are refunded to you when you use our Debit cards for checking transactions. Now that you are bursting with enthusiasm from the thought of opening an a SRI Federal Credit Union Visa® Debit or Credit card, make it happen by calling our Lending Professionals Paco or Shirley at 650.859.5477.

Steve Bowles
CEO/CFO
