

SEPTEMBER 2012

HELLO WORLD

On August 4th and 5th, a number of SRI employees and family members either walked or ran at the American Cancer Society Relay for Life in Menlo Park. Starting at 10 AM, continuing throughout the night and into dawn, for 24 hours, Relay for Life participants raised money and awareness to create a world with less cancer and more birthdays. For the second year in a row, the SRI International Team was the largest team fundraiser for the Menlo Park event.

I enjoyed the event and learned a few things: Jackie Owen, Senior Software Engineer, programs in C programming language. Roy Kornbulh, Principal Research Engineer and Co-Captain, is talented at running on stilts. Sally Longyear, Ergonomist and Logistics Captain, knows how to drive big trucks! Sally also was the largest individual fundraiser for the entire event. Erin Coley is a Senior Recruiter and as Team Captain stayed the full 24 hours. Terri Cochran from SRI did a tremendous job as Chairperson organizing the entire Menlo Relay Event.

These extraordinary people are helping to make a difference in the fight against cancer. When you see them on campus — or one of the other SRI International Team participants that

helped plan and attend this event — be sure to say “thank you.” They are representing to the community how SRI International empowers champions to make a difference.

The SRI Federal Credit Union staff also hosted a team. I’m proud to say that 100% of the credit union employees participated and exceeded their fundraising goal! It’s nice to see everyone want to “give back” to their community in such a public manner.

SRI Federal Credit Union is dedicated to making a difference. For over 55 years, our one focus has been the employees of SRI International and their families.

It was truly a lot of fun and I look forward to meeting more SRI folks next year.

Thanks for giving back!

Steve Bowles
CEO/CFO
