

NOVEMBER 2012

## HELLO WORLD

Members of the SRI Federal Credit Union have many different interests, and one of them is singing! Three of our members belong to the *After Eight Singers*, an all-female San Francisco peninsula group that performs choral concerts at fundraisers, private parties and wedding receptions. Recently, Ann Johnston, Jeanie Graham, and Mary Bastida from SRI International, along with the rest of the *After Eight Singers*, sang the National Anthem at a San Francisco Giants game. Singing is a workout for the brain, helps develop a good ear, and promotes health and well being. An Australian study found members of choruses were happier than the general public. With results like that, maybe more “shower Sinatras” out there should be singing in groups!

Ann Johnston, Director of Business Operations for the Physical Sciences Division (PSD), is a member of the credit union’s Board of Directors. Jeanie Graham is a Strategic Communications Manager in PSD. Jeanie’s work as an editor and member of the SRI Proposal Best Practices Committee centers around helping to create research proposals that promote and introduce SRI’s innovative ideas to the world. Mary Bastida, a Contracts Manager in PSD, works with Ann, Jeanie and the rest of the PSD proposal team to ensure proposals of the highest quality are submitted to SRI’s customers. All three of these SRI Federal Credit Union members had a lot of fun singing at the Giants game! If you see

one of these singers around campus, be sure to sing out “great job!” I’m sure they will appreciate it.

I only sing in the shower so I will just mention some of my personal great hits that the credit union is singing these days:

- “Get the Car — We’re Holding the Rate”
- “You Cut the Turkey, We’ll Cut the Rate. Get a 6% Loan or a Surcharge Rebate.”
- Plus the popular “Pass the Pie, Pass the Cake, Fast Service on Loans with Low, Low Rates.”

Trust me; you don’t want to hear me when I sing these! All kidding aside, our members are getting 6%\* on unsecured loans — up to \$10,000 with 24 months to repay. This loan is a great way to stop singing the high rate blues and bring down your total debt. Even better, box up your holiday spending. Borrow up to \$2,000 for 6 months at 6% APR\*.
